\*\* When a dog/bitch applies for a Production Award, we request from AKC the number of litters/puppies as of the end of the year preceding the presentation of the Award (December 2005 – award presented at the 2006 National). If we update the points without requesting new information from AKC the information becomes useless. As an example:

Dog X – Bronze Award ('02 Nationa) – 4 CH; 1 UD; 4 CD; 1 BH; 1 SchH III 32 pts. 12/01: 8 Litters/49 Puppies.

Dog X – Updated Info (2005) – 6 CH; 2 UD; 4 CD; 1 BH; 1 SchH III, 1 SchH II 49 pts. 12/01: 8 Litters/49 Puppies.

But this updated listing would be incorrect because he now has 12 Litters and 73 puppies on the ground.

You might think, then just get new litter/puppy information from AKC. However, at the present time AKC limits us to applying for this information to approximately 30 dogs/bitches per year which basically covers the new awards.
