

TOP TEN AGILITY: 2003 THRU 2006

In September 2002, AKC introduced Agility Preferred Titles. In 2003, ARC began including the Preferred Agility in the Top Ten.

The points for the ARC Top Ten Agility Awards are based on class placements and wins at AKC licensed trials from January 1st through December 31st, as reported in the *AKC Awards* publication. The awards are divided into 2 separate divisions, Preferred & Regular, with 6 levels in each division: Novice Standard; Open Standard; Excellent Standard; Novice Jumpers with Weaves; Open Jumpers with Weaves; Excellent Jumpers with Weaves. The points are calculated as follows:

PLACEMENT	The dog must place in a class, then 1 point is counted for each dog defeated in the class, i.e. if a dog was 2nd in a Novice Preferred 20" class that had 15 entries, the dog would earn 13 points (15 total class entries minus 2 (1 st place dog & dog itself).
HIGH IN TRIAL	<u>This is counted at the ARC National Specialty - Armetale Day ONLY.</u> A HIT win is calculated as minus 1 point from the shows total entry (Standard & Jumpers with Weaves Classes, both Regular & Preferred) as listed in the AKC "Awards" publication. The winner's name of this award will be taken from the ARC National Specialty Supplement.
RESERVE HIT	<u>This is counted at the ARC National Specialty - Armetale Day ONLY.</u> A Reserve HIT win is calculated as minus 2 points from the shows total entry (Standard & Jumpers with Weaves Classes, both Regular & Preferred) as listed in the AKC "Awards" publication. The winner's name of this award will be taken from the ARC National Specialty Supplement.

This has been the method for tabulations since the beginning. However, the Awards have been based on different divisions and levels throughout the years. The ones shown above were in effect from 2003 thru 2006.
