

CARTING RULES FOR THE AMERICAN ROTTWEILER CLUB

Approved by ARC Board of Directors: 8/9/2022

PURPOSE

The American Rottweiler Club (ARC) has created this carting competition to showcase the inherent abilities of the Rottweiler when working with its handler. The Rottweiler was valued historically for its carting abilities. These carting exercises are designed to demonstrate the dogs' ability aided by skills that exhibit a team effort and cooperation between dog and handler.

GUIDELINES

Although ARC carting is not an American Kennel Club (AKC) activity, it is recognized by AKC as a title for Rottweilers only. Proof of titles may be registered with the AKC, at a nominal fee, to reflect titles earned on the Rottweiler's AKC record. The American Rottweiler Club requires that you be familiar with all AKC Rules and Regulations. All American Kennel Club Dog Show Regulations, the ARC Carting Test Rules, and the Constitution and By-laws of the American Rottweiler Club shall apply to all persons and dogs except as these Carting Committee Regulations direct otherwise. A copy of the ARC Carting Test Rules shall be at the site of the Carting Test and available to the judges, handlers, and Carting Test personnel. It is the responsibility of each handler to be familiar with these materials prior to the Carting Test and conduct themselves accordingly or risk excusal from competition.

Particular attention must also be paid to the following AKC rule adopted in October 2004.

"Any dog, that in the opinion of the Event Committee, attacks a person or a dog at an AKC event, resulting in an injury, and is believed by that Event Committee to present a hazard to persons or other dogs, shall be disqualified. When the dog is disqualified by the Event Committee pursuant to this section, a report shall be filed with the Executive Secretary of The American Kennel Club. The disqualified dog may not again compete at any AKC event nor be on the grounds of an AKC event unless and until, following application for reinstatement by the owner to the American Kennel Club, the owner receives official notification in writing from the AKC that the dog's eligibility has been reinstated."

Be aware that any dog that attempts to attack a person or a dog during a carting test, whether or not it results in an injury, will be excused.

If the Test has been approved by AKC as a "Special Attraction/Competition" for the Host Club, then the situation, including any that may take place on the show grounds, shall be investigated by the Event Committee. The Event Committee has the sole discretion, per the above AKC rule, to decide if the dog should be disqualified. Should that be the finding, then a report must be submitted to AKC and ARC.

ENTRY REQUIREMENTS

- a. Age: The Carting Test may be entered by dogs one (1) year of age or older on the day of the Carting Test.
- b. Registration: Dogs may be registered with AKC, unregistered, or registered with another/foreign registry.
- c. Bitches in Season: Bitches in season will be allowed to compete after all other dogs have completed the individual and the group exercises.
- d. Dogs That May Not Compete: No dog owned or co-owned by the test secretary or the appointed Carting Test Judge or any of their immediate family members can compete in the Carting Test at which such person officiates.

CLASS DIVISIONS AND TITLES

A dog or team receiving a qualifying score at any level shall be deemed to have earned the title for that level.

A dog or team can enter at any level.

Single

A CS dog can continue to compete at the CS level indefinitely; however, the ARC Top Dog statistics for the Started level will be calculated using ONLY the dog's first CS qualifying score.

Titles are as follows:

- CS - Carting Started (on lead)
- CI - Carting Intermediate (off lead)
- CX - Carting Excellent (driving)

Team

A Team title is awarded to both dogs. A team may enter at any level, regardless of previous team or single titles.

Team Titles are as follows:

- CS-T Carting Started Team (on lead)
- CI-T Carting Intermediate Team (off lead)
- CX-T Carting Excellent Team (driving)

REASONS FOR FAILURE OR REMOVAL/EXCUSAL

1. Dog behaves in an aggressive manner toward people or other dogs – EXCUSAL.
2. Dog is out of control and a danger to itself and others – EXCUSAL.

3. Dog panics at any time – EXCUSAL.
4. Dog is clearly uncomfortable with or fearful of the cart – EXCUSAL.
5. Dog struggles to pull the cart - EXCUSAL.
6. Any handler discipline, or harshness of a physical or verbal nature towards the dog at any time – EXCUSAL.
7. Dog defecates or urinates on the course – EXCUSAL.
8. Dog does not complete any exercise – FAILURE.
9. Dog breaks stay command during long down stay – FAILURE.
10. Dog leaves the course – FAILURE.

JUDGES RESPONSIBILITIES AND RIGHTS OF DECISION DURING A CARTING TEST

The judge has the right to remove or excuse any competitor during any part of the test. The Judge also has the right to deny participation in a Carting Test due to ill-fitting equipment, physical unsoundness, or unruliness of dog or handler.

The success and integrity of the carting program is dependent upon the judge's knowledge, ethics, and common sense. It is the judge's responsibility to be positioned so that total attention can be given to the dog and handler for the entire time it is present for judging, including the down stay, and to score each dog/handler team in an impartial manner. The judge shall not at any time relinquish his/her responsibilities to any other person.

HANDLER RESPONSIBILITIES

The handler/competitor is responsible for providing certain types of equipment. The handler will make sure the harness and cart fit the dog properly. The hook-up should not allow the cart to run up and bump the dog during the course exercises. The weight should be placed, balanced, and secured in place by the handler. Assistance may be given to those handlers who cannot load or unload the 40-pound weight. The handler accepts full responsibility of ensuring any load placed on the cart can be easily managed by the dog(s) and that the dog does not appear to be under duress attempting to move the cart. Any dog that appears to be negatively impacted with the cart weight can be excused by the judge at any point in the course.

Equipment provided by handlers is as follows:

1. Two wheel or four-wheel cart.
2. Shafts must be a part of the cart apparatus.
3. Harness must be siwash or breast plate style.

4. Slip collar, Martingale, or buckle collar (no pinch or prong or electric collars will be allowed on the grounds).
5. Head halter use restricted to driving and then only if fitted with reins
6. Minimum of four-foot lead if at CS level, ~~Reins if at CX level.~~
8. Ties to secure 40-pound weight at CS or CI level.

Note: No crops or whips shall be allowed at any time.

DESCRIPTION OF A CARTING TEST

The competition will be open to on-lead, off-lead, and driving (handler seated) carting dogs. The entry can be a single dog or team (two dogs). The courses will be the same, but the entries will compete within their own division (single on-lead, team on-lead, single off-lead, team off-lead, etc.) Any type of wagon or cart is acceptable, if the dog(s) can handle the size and weight of the cart and load comfortably and easily over the course and negotiate all elements. The handler assumes all responsibility to ensure that his/her individual cart can negotiate the course. The course will not be modified to accommodate larger carts. A two-wheel vehicle is preferred due to its maneuverability. Talking to the dog and verbal praise are allowed during the exercises. Physical praise such as petting or pats may be given between exercises and are limited to touching with the hands only. No other part of the handler's body should touch the dog. All entries except driving will have their carts weighted with an additional 40 pounds. Emphasis is on precision, not speed. Failure to negotiate any one element on the course will result in a non-qualifying score despite an over-all score of 170 or above.

A carting dog should move the cart with pride and willingness. The purpose of this competition is to give handlers and their carting dogs a chance to exhibit these wonderful skills and abilities.

Definitions:

- a. Dog: applies to dogs of both sexes.
- b. Team: two dogs hitched to one cart. Two dogs competing as a team need not be owned by the same person or by the handler. A separate entry form must be completed for each dog on a team entry and then stapled together.

COURSE DESIGN

Course Size: The size of the course will be a minimum of 375 feet from start to finish (this is the actual distance dog and handler must cover to complete the course.) The course must be large enough to incorporate all required elements and exercises. The only specific measurements are the 9 feet between pylons of the serpentine exercise, the 4-foot gate opening, and the 3-foot backing exercise. Reasonable distances between course exercises will be determined on an individual basis to allow the judge to see and evaluate the handler and dog(s) without excessive walking. There should be enough distance between course exercises to allow a dog(s) and handler to move easily at a trot through the course. For all levels, the course remains the same.

Course Terrain: Course terrain will be dependent on what is available. Level terrain is preferred with some very moderate sloping allowed if the area is restricted. Hard surface is preferred, grass is acceptable. Weather is to be considered as hot pavement, and wet soggy grass are both unsuitable for this competition. Heavy, soft footing and inclines are to be avoided. The course will not be in a roped off ring environment.

Course Elements (required): Please note that each required element must be present and may not be combined. (Example: even though a stop occurs as part of the backup and the gate that does not substitute for the stop element required below.)

1. Harnessing, first exercise (hooking to cart only).
2. Load/unload 40-pound weight or driver
3. Left turn (90 degrees).
4. Right turn (90 degrees).
5. Stop.
6. Fast.
7. Slow.
8. Back (3 feet).
9. Circle left (360 degrees).
10. Circle right (360 degrees).
11. Serpentine, minimum of five pylons, nine feet apart.
12. One distraction (i.e., pedestrian walking a dog, bicyclist passing, ball thrown near dog).
13. Gate (four-foot-wide opening).

OPTIONAL COURSE EXERCISES (choose any two):

1. Bridge.
2. Figure eight.
3. 270 turn, either right or left

Group Down Stay:

Overview: The dogs demonstrate their ability to remain on a down stay, while hitched. This is a group exercise with no more than eight (8) dogs per group and no less than six (6) feet between carts. Classes may be combined as appropriate for space and to accommodate dogs who might be sharing a cart. If there are to be multiple groups, effort should be made to see that they are

as equal as possible in number. The Group Exercises shall be performed either first, before the individual exercises, or after all individual exercises are completed, at the discretion of the sponsor and in consultation with the judge. One exception is if there are bitches in season, they can be in a group by themselves but must always stay after all other males are fully scored.

Dogs enter the designated area on leash for the down stay hitched to their carts and may be gently guided into position. The judge will give the command for handlers to remove the leash and down their dog. The stay command and/or signal are to be given once and no other commands or signals may be given during the remainder of this exercise. The handlers leave their dogs and proceed as instructed by the judge to an area approximately 25 feet away and in line of sight from their dogs. The stay is for three (3) minutes. When instructed by the judge, handlers should return in an orderly fashion to their dogs' side and await the judge's command that the exercise is finished.

Exhibitors who have entered more than one class with the same dog are required to do the down stay for each class.

Judge's commands to the handlers are: Down your dogs; Leave your dogs; Return to your dogs; Exercise finished.

A dog shall be marked as failing if:

Handler gives more than one stay command.

Dog changes position from a down to a sit or a stand.

Dog moves from where it was placed.

Dog barks or whines repeatedly.

Rough placement of the dog.

Dog is incorrectly harnessed or hitched.

POINT SYSTEM

Maximum points: 200

To receive a qualifying score the dog(s)/handler must:

1. Have received a score of 170 or better.
2. Not fail any given exercise (judge's decision).
3. Not have been removed from any exercise by the judge.
4. Negotiate all course elements.
5. Earned at least 50% of the points for each exercise.

Each entrant will be timed but this is not a condition to qualify. The time will be used in the event of a tie score to determine placement. Timing will start after the load is secured and the judge gives the command to proceed forward.

SCORING

(See Score Sheet on Page x.)

Point Deductions: Areas of, but not limited to, point deductions are:

1. Breaks stay commands during harnessing or at gate.
2. Dog is uncomfortable or resists hitching to cart.
3. Dog initially looks back at cart in a worried or fearful manner.
4. Doesn't pull or move forward readily.
5. Dog resists handler's commands or responds slowly, causing handler to repeat commands.
6. Dog lacks smoothness during turns or stops (stops poorly).
7. Tight lead or hard rein pulls.
8. Dog goes off course.
9. Dog shies from a course element.
10. Handler physically manipulates dog using his/her body or hands.

Failure to negotiate any one element or to receive at least half of the points allotted for any given exercise will result in an NQ despite an overall score of 170 or higher.

RIBBONS

Ribbons will be awarded for qualifying scores and first through fourth place in all six divisions. A "High In Test" ribbon will be awarded to the highest score obtained for the day (considering all qualifying scores from the six divisions) Single dogs will not compete for placements against team entries with the exception of the "High In Test" award. At the option of the Host Club a "Reserve High in Test" ribbon may be offered. Points are not awarded to RHIT, except on Armetale Day at the ARC National Specialty.

ADMINISTRATION

ARC Carting Committee: The ARC Carting Committee will encourage and support Carting Tests approved by ARC. The Committee will review and update guidelines and make them available to others wishing to hold a Carting Test. The Carting Coordinator, who shall be appointed by the ARC Board of Directors, will maintain records and issue ARC carting certificates and titles on behalf of the American Rottweiler Club.

Permission to Sponsor a Carting Test: Permission may be granted by the American Rottweiler Club Board of Directors to any ARC approved club or ARC approved individual(s) to hold a Carting Test and such approval must be in writing. An ARC Carting Judge may not host and judge at the same Carting Test. Carting Tests are open to any breed or may be restricted to Rottweilers only. If open to other breeds, preference must be given to Rottweilers if the number of entries exceeds the test limit.

Application: A letter of application to hold a carting test should be sent to the ARC Carting Coordinator three months before the actual carting test date and should include:

1. Name of the Carting Test sponsoring club or names of sponsoring individuals.
2. The date of the proposed Carting Test.
3. The name and address of the selected site.
4. A sketch of the course layout (including identification of required elements and where they will be incorporated in the exercises).
5. Total entry limits for the test.
6. Name and address of the judge(s).
7. Name, address, and phone number of the Carting Test Chairman, Secretary, and Course Director.
8. Names of additional personnel involved in the sponsor request.
9. Certification that all ARC Carting Test Rules will be followed and that the results of the test will be sent to the Carting Coordinator within two weeks after the test.
10. The guarantee that all equipment, personnel, and other required provisions will be available at the Carting test.
11. Certification that liability insurance will be in effect for the event.
12. The signatures of the sponsoring Chairman and Secretary.

The ARC Carting Coordinator shall submit information to the ARC Board liaison for carting to approve the Test. Once the Test has been approved by the Board, the Carting Coordinator will

send an approval letter to the Test Secretary, along with a copy of the Junior Handlers in Carting Test Award Procedure, ARC Junior Handler Carting Title Certification Form and any other pertinent information.

The Coordinator shall also note that the ARC Carting Rules and Score Sheet are available to download at www.amrottclub.org and if needed, hard copies may be requested from the Coordinator.

Tests that have not been approved in advance by the ARC Board of Directors will not be recognized and titles will not be issued.

Course Director: The Course Director will be chosen by the sponsor. The Course Director shall have the responsibility of creating the course to fit the area chosen for the Carting Test. He/she will also prepare a sketch of the proposed course and relative terrain to be submitted to the ARC Carting Coordinator along with the request for permission to sponsor an ARC approved Carting Test. The sketch will show:

1. The sequence of the course exercises.
2. A description of exercise.
3. The path the course will follow.
4. Where course elements will be incorporated.
5. Terrain and slopes.
6. Length of course from start to finish.

The Course Director will ensure that the required elements of the competition will be incorporated into the exercises. The Course Director will also make sure the course is presented in a sequence that is logical and easy to follow and that all required equipment is available.

Course Equipment: The required equipment is sufficient cones or course markers to designate the direction of the course and to number the exercises; if needed. The host club and/or the Course Director must provide a 40-pound weight item or items adding up to 40 pounds that can be loaded and secured to the carts. Since there is no scale provided at a Test, the weights should be clearly marked by the manufacturer and a material that cannot fluctuate in weight. (ie: Sand bag could be lighter if spilled or heavier if wet.) If an exhibitor brings their own weight, it can only be used if properly identified, and must be made available to all entrants to use during the entire Test. Optional course exercises are not structured to size, only that reasonable judgment be given to accommodate a team of dogs, cart, and handler. The gate can be made of any material, but it must be able to be opened and closed securely and have a 4-foot opening for dog and cart to pass through.

JUDGING

Judges must be approved by the ARC Board of Directors prior to any test. All judges must be thoroughly familiar with the current AKC Regulations and the ARC Carting Test Rules. A list of all ARC Carting Judges will be maintained by the ARC Carting Coordinator and will be available to any club or member upon request. The list of ARC Carting Judges will also be posted to the ARC website.

CARTING JUDGE REQUIREMENTS

Applying to Judge: Interested individuals must submit a written request to include name, address, phone number, and email address, and meet the following qualifications:

1. Training and handling of a dog to an ARC Carting Intermediate title or the equivalent in a Drafting event to include the date and the host club or association.
2. Training and handling of one or more dogs to a title in any of the following events: Obedience, Herding, Agility, from a recognized registry, including but not limited to, AKC, UKC, ASCA, or a BH or SchH title.
3. Verification as a Scribe for at least one (1) ARC carting test, preferably more.
4. Familiarity with current AKC Rules and Regulations. Applicants are encouraged to acquire firsthand knowledge and experience by stewarding at an AKC event.
5. It is suggested that experience in evaluating and scoring by judging Obedience, Agility, and/or Rally at matches or official events is desirable.

Applicants should send a resume to the ARC Carting Coordinator for consideration. The resume should include a summary of the applicants carting experience, as an exhibitor and as a member of a host club committee, (e.g., test chair, test secretary, steward, course director, conducting classes, etc.). Include experience with AKC Regulations, and ARC Carting Test Rules, experience, if any, with evaluating/scoring dogs at an official event or fun match, and any additional relevant information. Upon positive review of the application, the applicant will be approved to judge and will receive notification from the ARC Carting Coordinator

STEWARDS

Two additional personnel will be chosen by the sponsor to assist the judge. One of these stewards will perform the duties of scribe to assist the judge with the marking of score sheets and the timing of each entrant. The second steward will be utilized according to the judge's discretion however, it must be noted that total responsibility for observing dogs and handlers during all portions of the test and total responsibility for scoring rests with the judge.

SUBMISSION OF TEST RECORDS TO ARC CARTING COORDINATOR

A complete report of the Test, certified by the Test Secretary must be sent to the ARC Carting Coordinator so as to reach his/her office within two (2) weeks of the date of the Test. The report must include the following information:

1. Name of the Carting Test sponsoring club or names of sponsoring individuals.

2. The date of the Carting Test.

3. Original entry forms on each dog entered in Test, which must include the following information:

- a. Full registered name of dog.
- b. Breed.
- c. Sex.
- d. Name of class(es) entered.
- e. AKC registration number; dogs that are unregistered/registered with another / foreign registry are allowed to participate.
- f. Date of birth
- g. Name of owner(s)/co-owner(s)
- h. Address of owner
- i. Signature

4. Original score sheets.

5. A listing or marked catalog of all awards, scores, excusals, and absent dogs.

All original entry forms and score sheets must be maintained by the ARC Carting Coordinator for a period of 6 months after the Test, and these original entry forms must be available to the American Rottweiler Club upon request during the 6-month period. Copies may be kept by the Test Secretary. All rankings for each level of competition will be kept on record by the ARC for breed posterity.

TITLE CERTIFICATES

Each dog earning a Carting Title will be issued an ARC Carting Title certificate. For Team Titles there will be a Certificate issued to each dog, with both names listed on each Certificate. A certificate will be issued only when a new title is earned. These Certificates will be issued by the ARC Carting Coordinator within four (4) weeks of the receipt of the Report of the Test Secretary. The Coordinator will send all Certificates to the Test Secretary and it will be his/her responsibility to see that they are sent to the owners of each dog within two (2) weeks of receiving them from the ARC Carting Coordinator.
